SQL / PYTHON	POWER BI / DAX	ADV. EXCEL	DATA QUALITY	REPORTING

PROFESSIONAL PROFILE

Data professional with expertise in SQL, Python, Power BI and Advanced Excel, delivering insights across Finance, Healthcare and E-Commerce. Skilled in ETL, data cleaning, EDA and KPI dashboard development.

PROFESSIONAL EXPERIENCE

Data Analysis Intern | Auspify Technologies

Jun 2026 – Jul 2026

- Managed and reconciled financial datasets in Tally and Excel, maintaining high data integrity across transactions.
- Leveraged pivot tables, VLOOKUP, and formulas to analyze financial data and build structured performance reports.

Accounting Software Expert | Sun Pharmaceuticals

Jun 2021 – Dec 2021

- Maintained and updated financial datasets (billing, expenses, allowances) in Excel, ensuring cross-record consistency and accuracy.
- Processed billing and invoice data with systematic validation; structured raw transactional data into reporting-ready formats.

Accounts & Data Operations Executive | Cappere Solutions

Feb 2022 – Jan 2023

- Supported data entry, validation, billing/invoicing and financial reporting activities using MS Excel.

KEY PROJECTS

Bank Loan Portfolio Analytics

SQL • Python • Power BI • DAX • Excel

- Analyzed 38,600+ loan applications and $435.8M funded capital using SQL, Python and EDA.
- Built KPI dashboards covering DTI, interest rate and MTD/MoM metrics.
- Flagged 13.8% bad-loan exposure ($65.5M); cleaned 128,976 rows to 37,514 records.

Amazon India Sales Analysis

Python • Pandas • NumPy • Seaborn • Matplotlib

- Identified M/L as top SKUs (~36% of units), 14% cancellation rate and 99.3% B2C dominance.
- Mapped Maharashtra, Karnataka and Tamil Nadu as highest-volume zones using 8+ visualizations.

Apollo Healthcare Analysis

Power BI • DAX • Excel

- Built Power BI dashboard modelling INR 4,105M+ revenue.
- Tracked 6 diagnoses, 3 ward types and ~16,500 physician feedback records; cleaned 8,800+ records.
- Analysed 90+ countries and identified 3 countries responsible for 61% of total content volume.

TECHNICAL SKILLS

SQL: MySQL, PostgreSQL • Python: Pandas, NumPy • BI: Power BI, DAX, Power Query, Tableau (Basic) • Excel: VLOOKUP, Pivot Tables, Macros • Analysis: EDA, Data Cleaning, Statistical Analysis, A/B Testing, ETL • Tools: Jupyter, Git/GitHub, Google Sheets, MS Office, Azure

Education

BCA — Asian International University, Manipur | 2023–2026 | CGPA 7.35

Higher Secondary (Science) — R.T. Nagar Group of Institutions, Bengaluru | 2019–2021 | 64%

Certifications

- GenAI Powered Data Analytics – TATA Group
- Data Analyst Job Simulation – Deloitte
- Data Labeling – Forge
- Medical Coding & Billing Training Program – Transorze | 200 Hours
- ICD-10-CM, CPT, HCPCS Coding, Medical Billing & HIPAA Compliance | Dec 2024–Jun 2025
